Product Description

The **FUNMAT PRO 610 HT** is the latest addition to the INTAMSYS 3D printers FUNMAT serie. It is an industrial high-end machine designed for critical requirement functional part test & low volume production. The high build volume of **610x508x508mm** enables you to print big size parts.

FUNMAT PRO 610 HT

Unlock the potential of industrial
grade 3D printing

THE SYNERGY OF HIGH BUILD VOLUME AND VERY HIGH TEMPERATURE THERMAL DESIGN

EXTREMELY HIGH TEMPERATURE FOR PRINTING BIG SIZE FUNCTIONAL MATERIALS SUCH AS **PEEK**, **ULTEM (PEI)** & **PPSU** WITHOUT WARPAGE & DELAMINATION.

ADVANCED THERMAL SYSTEM

CONSTANT CHAMBER

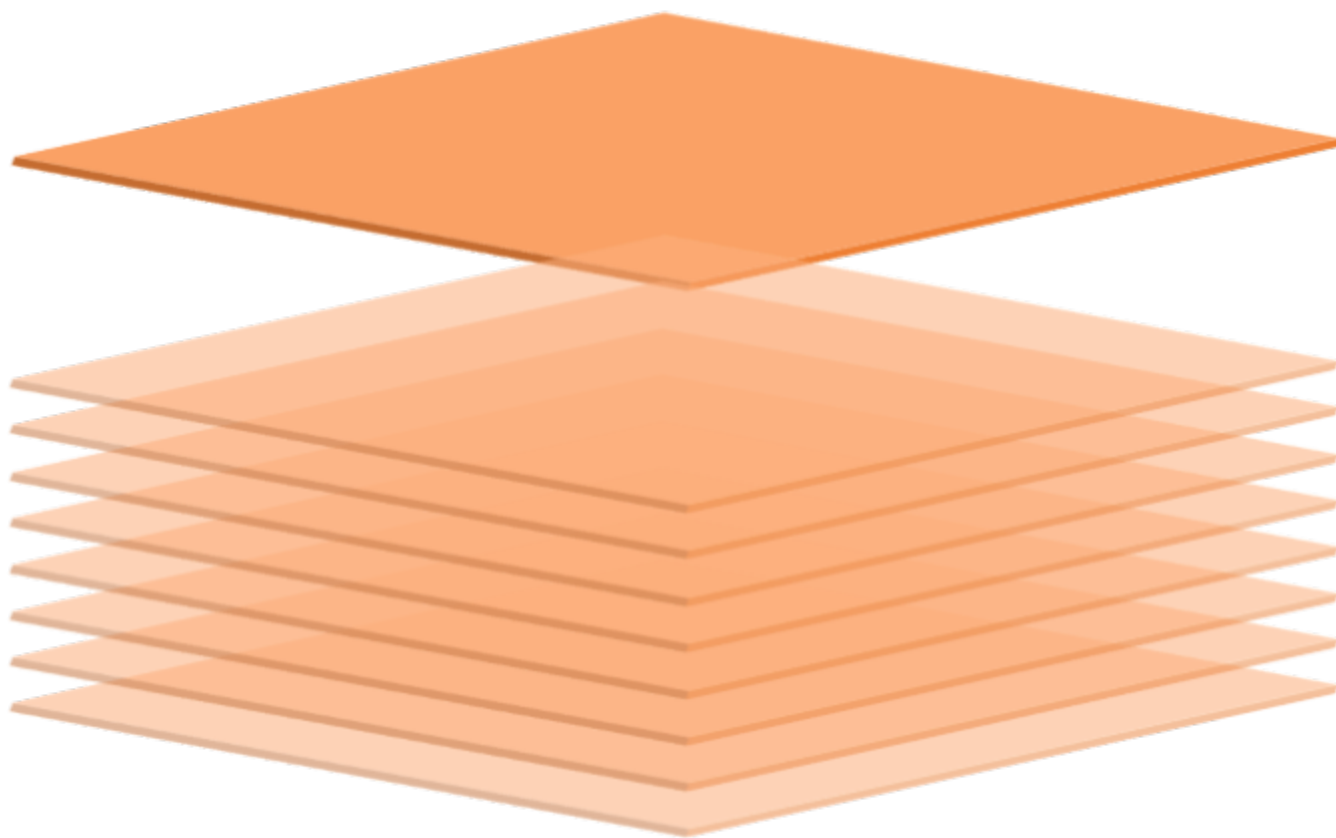

300°C

BUILD PLATE

300°C

EXTRUDER

500°C

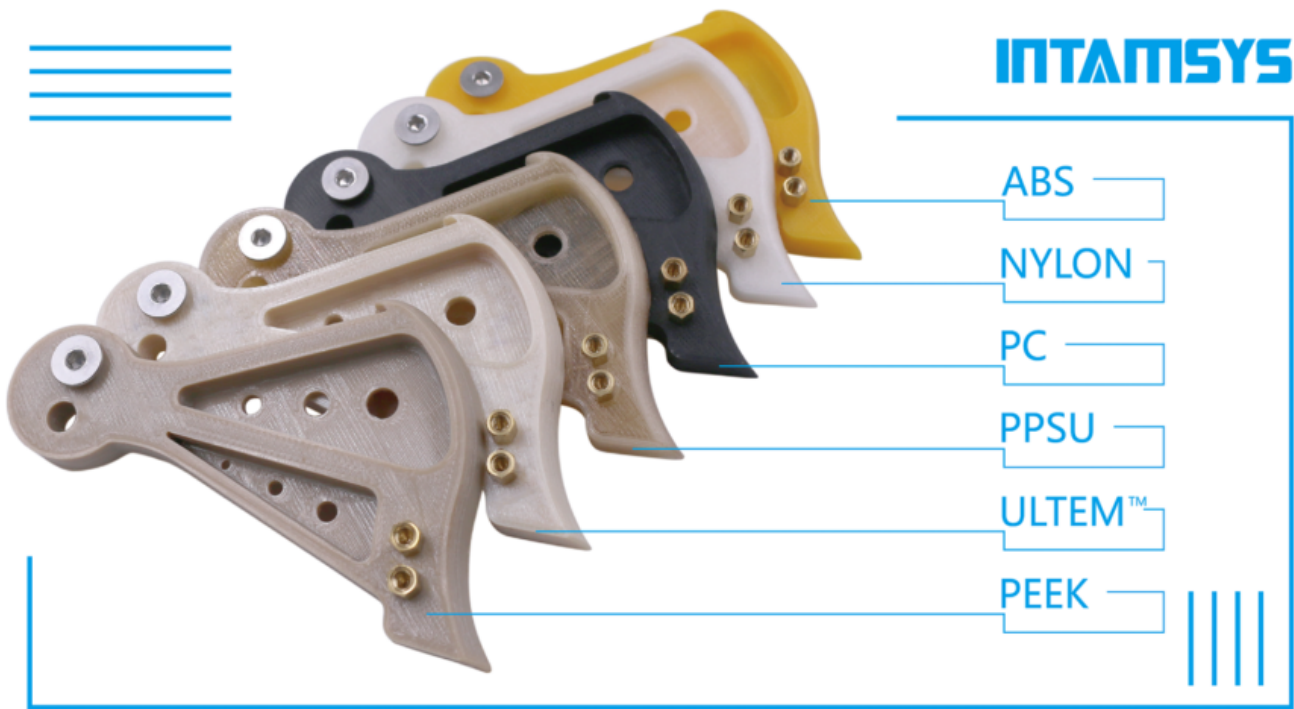

50-MICRON

ULTRA-HIGH RESOLUTION

AMAZING PRECISION. SPECTACULAR DETAILS. DESIGNED FOR INDUSTRIAL QUALITY 3D PRINTING.

MULTI-MATERIAL CAPABILITY
